GRANT A WAR CLAIM

First to Come Before the Present
House of Representatives.

CAUSES CONSIDERABLE DEBATE.

Mr. Allen and Mr. Gear Have a Lively
Tilt in the Senate, in Which the
Former Accused the Latter of Falsehood.
Mr. Hill on the Bond Bill—House Night
Session.

WASHINGTON, April 18.—The net re-
sult of five hour's work on the private
calendar in the house yesterday was
the passage of four pension bills, one to
pension the widow of Rear Admiral
Foot at \$50 per month; the rejection of
a bill to retire a hospital steward as a
second lieutenant of cavalry and the
passage of a war claim of less than
\$600. The latter was the first war
claim brought before the house for
consideration and naturally pro-
voked a general debate on the pol-
icy of paying war claims. It drew from
Mr. Mahon (Rep., Pa.), chairman
of the war claims committee, Mr. McCall
(Rep., Tenn.) and Mr. Evans (Rep.,
Ky.) eloquent pleas for the payment of
the findings of the court of claims. Mr.
Mahon argued that these claims should
be paid or the court abolished. Barring
the cotton claims, he asserted that \$20-
000,000 would pay them, while Mr. Ray
(Rep., N. Y.) thought \$600,000,000 would
not meet them.

Politics of course was injected into
the debate before it was finished and
there was a lively set-to between Mr.
Dockery (Dem., Mo.) and Mr. Grosvenor
(Rep., O.). Mr. Dockery eulogized
Speaker Crisp and Mr. Sayers, the chair-
man of the appropriations committee in
the last congress, and paid a high tribute
to Speaker Reed. "I want to say here
in his presence," said he, "that I honor
the present speaker, Thomas B. Reed."
[Applause.] "He has stood like a lion
in the path of members on both sides of
the political aisle who have been press-
ing bills carrying large sums."

Mr. Grosvenor ridiculed Mr. Dockery
for "attempting to vindicate the history
and career of the Democratic party." He
said the real question at issue now was
not the honesty of these claims, but
of the ability for the government to
pay them at this time.

"You are," said he, addressing the
Democratic side, "paralyzed by your
own utter inefficiency. The great
feature of the administration of Grover
Cleveland—the only feature that will
save him from a future contumely is that
when the bill to repeal the great re-
venue producing industry—propagating
tariff law was presented to him, he said
"my name shall never disgrace its
pages."

"You," he continued, "are attempt-
ing to place in contrast an administra-
tion that paid \$250,000,000 of the public
debt with that one that borrowed \$260-
000,000 and now trembles each day lest
the telegraph brings the news that the
gold so borrowed is drifting across the
water." [Applause.]

At 5 o'clock the evening session to be
devoted to private pension bills.

House Night Session.

WASHINGTON, April 18.—The question
of granting to officers' widows larger
pensions than private soldiers was dis-
cussed in the house last night for two
hours in connection with a bill to pen-
sion the widow of Brigadier General
Ferdinand Vandevore of Ohio at the
rate of \$75 per month. The bill was
finally favorably acted upon with an
amendment making the rate \$50 per
month.

Exciting Episode.

Mr. Allen Accuses Mr. Gear of Uttering
a Falsehood in the Senate.

WASHINGTON, April 18.—The debate
on the bond resolution proceeded yes-
terday, Mr. Hill continuing in opposi-
tion to his speech which is not yet com-
pleted. Mr. Hoar supported the pro-
posed bond investigation. The debate
is proving attractive to the public, the
galleries being crowded throughout the
day.

An exciting episode occurred late in
the day concerning Pacific railroad af-
fairs. Mr. Gear, chairman of the
Pacific railroad committee, presented a
bill proposing an adjustment of the
railroad debt. This led Mr. Allen
(Neb.) to criticize the committee for al-
leged partiality to Collis P. Huntington
and his lobby. A bitter personal
altercation between Mr. Gear and Mr.
Allen followed, during which Mr. Allen
declared that Mr. Gear had uttered a
falsehood concerning General Weaver of
Iowa. Mr. Hoar called Mr. Allen to
order and demanded that his words be
taken down. Mr. Allen was obliged to
take his seat, but a motion by Mr.
Faulkner was allowed to proceed in
order.

Internal Revenue Receipts.

WASHINGTON, April 18.—The receipts
from internal revenue for the month of
March aggregated \$1,397,704, an in-
crease of \$1,895,047 over last year. For
the nine months of the fiscal year the
aggregate receipts have been \$10,179-
075, as compared with \$10,175,157 for
the same period of last year.

Worst Storm in Twenty Years.

LACROSSE, Wis., April 18.—A storm
which swept the western part of Ver-
mont county was the worst in 20 years.
Farms were washed into ridges and
valleys and barns, granaries and other
outbuildings were swept away. A great
deal of livestock, cattle, hogs and sheep
are reported to have been drowned.
Loss estimated at \$20,000.

Two Sprinting Records Broken.

DANVILLE, Ky., April 18.—At Cen-
ter college L. O. Atherton of Commerce,
Mo., lowered the amateur record for 50
yards to 5.2 seconds and hereford
South of Danville lowered the collegiate
record of 100 yards for 100 yards, held
by Crumto, to 9.4-5, equaling the world's
professional record.

Indian Village Flooded.

ODANAH, Wis., April 18.—The village
of the Indians on the Bad River reser-
vation is flooded by overflowing streams.
The entire village was under water for
two hours yesterday. No lives were
lost, but a great deal of valuable prop-
erty was destroyed.

ALMOST COMPLETED.

Evidence Against Jackson and Wall-
ing Being in Bellevue.

CINCINNATI, April 18.—Another strong
link has been added to the long chain
of evidence showing that Jackson and
Walling and Pearl Bryan were in Bel-
levue before the unfortunate girl was
slaughtered at Fort Thomas. It was
learned yesterday from Sheriff Plum-
mer that a highly respected and thor-
oughly reliable lady of Bellevue will
on hand Tuesday morning and hold her-
self in readiness to testify that she saw
Jackson, Walling and Pearl Bryan in
front of her house Thursday afternoon
preceding the murder. He refused to give
the name of the lady and her address,
but after much hesitation consented to
give the woman's story to the reporter.

She was washing her front windows
Thursday afternoon preceding the mur-
der when a girl with two young men
stopped in front of her house and en-
gaged in conversation with which it
was said, but she watched them
when they came to the window. She
noted the country appearance
of the girl and the dressy makeup
of the young men with her. Woman-
like, her attention was directed to the
hat and the flowers with which it
was decorated. When Sheriff Plummer
heard of her story and she identified
the unfortunate girl and she identi-
fied it without a moment's hesitation.
A lock of hair in the possession
of the sheriff, which had been
sent to him by the Bryan family, was
also shown the woman, and she also
identified the lock as resembling
her story and she identified the woman's
testimony will undoubtedly have great
weight with the jury when her identity
becomes known. Sheriff Plummer
states that everything is ready for the
big trial to begin Tuesday.

NOT A CANDIDATE.

Congressman Linton Does Not Authorize
the Use of His Name.

SAGINAW, Mich., April 18.—Congress-
man W. S. Linton, who has been urged
by certain of the A. P. A. leaders as a
possible candidate for president, is here
at present. Mr. Linton denies that he
is or has been a candidate and says that
the use of his name in connection with
the Republican nomination for presi-
dent is unauthorized and that his name
will not be presented to the St. Louis
convention with his consent, and that
he will not be a candidate on an inde-
pendent A. P. A. ticket. Mr. Linton is
a candidate for re-nomination for con-
gress from this district and is here fix-
ing up his fences in that direction.

IVES IS STILL CHAMPION.

Defeated Schaefer in the International
Billard Series.

BOSTON, April 18.—Frank Ives won
the closing game and the championship
in the second series of the international
billiards last night, defeating "Jake"
Schaefer 300 to 284.

Bumstead hall which has been the
mecca for billiard enthusiasts during the
week was crowded to its utmost capac-
ity for the closing game of the series.
Both Schaefer and Ives had each two
victories to their credit and last night's
game decided the championship. Schaefer
was the favorite with the majority
of the spectators and his defeat was
a great disappointment.

ECKELS ON FINANCE.

Controller of the Currency Addresses a
Cincinnati Audience.

CINCINNATI, April 18.—In response
to a joint invitation from the chamber
of commerce, the clearing house and the
Commercial club, Hon. James H. Eck-
els, controller of the currency, addressed
a fine audience of representative busi-
ness men at the Grand Opera house last
night, on finance and currency. His
hearers were not exclusively Cincin-
natiens. Representative business men
were present from all neighboring cities
and towns.

He was introduced by President J. D.
Harne of the Third National bank, and
was received with liberal applause.

Report of a Defunct Bank.

CINCINNATI, April 18.—Referee Daniel
Wilson has made his report on the de-
funct Commercial bank. The claim of
Charles Fleischman for \$100,000 as
bondman of County Treasurer Schott,
was included among legal claims. The
liabilities are \$633,774; interest \$39,548;
total, \$673,322. Secured claims \$207-
613, these all having been paid. The
stockholders hold 6,580 shares, repre-
senting in money \$339,000.

MORE RETAIL BUYING

Sudden Change in Weather Causes a
Demand For Light Goods.

WOOLEN MILLS SHUTTING DOWN.

Iron and Steel Markets Are Very Disap-
pointing—Increase in the Price of
Wheat—Boot and Shoe Sales Less Than
Last Year—Business Failures For the
Past Week.

NEW YORK, April 18.—R. G. Dunn &
Co.'s weekly review of trade today says:
The sudden change from sleighing to
midsummer heat has tested the preva-
lent idea that good weather only was
needed to bring general improvement of
business. Everywhere there has been
more retail buying and in some branches
better demand at wholesale and at
the works has resulted, but not as yet in
most lines. To many interested in iron
ore and coke, steel billets, Bessemer pig
and various forms of steel, it may be
disappointing that the forming of com-
binations and fixing of prices have not
started again the rush to buy ahead of
needs, which made last year so memora-
ble.

Shipments of boots and shoes from
Boston in April thus far have been 8
per cent less than last year, although
larger than in previous years. Textile
workers are less fortunate. The silk
association states that 40 per cent of
the machinery and hands in the coun-
try are idle partly because of increased
Japanese competition. Several more
woolen mills have shut down and some
reduced wages 10 per cent, while many
are working only half time, but recent
advance by appraisers not only disclose
under valuations in the past, but tend
to check future imports.

Wheat rose about 5 cents last week,
not some reaction, but is a shade
higher than a week ago. Latter ac-
counts are more promising as to winter
wheat and western receipts in two
weeks of April are 3,588,500 bushels
against 2,344,392 last year, while At-
lantic exports for the same weeks have
been only 2,301,917, flour included,
against 3,719,888 last year.

Failures for the past week have been
223 in the United States against 241 last
week and 36 in Canada against 24 last
week.

BRADSTREET'S REVIEW.

Better Demand For Manufactured Ar-
ticles, Generally.

NEW YORK, April 18.—Bradstreet's
today says favorable weather has stimu-
lated demand for seasonal merchandise,
notably light summer clothing on the
whole the week presents a distinct
gain. This is not so much apparent at
eastern centers as in the central Missis-
sippi river valley. At some northeast-
ern cities the movement of merchandise
has declined, but at a number east it is
unchanged, while southern cities in
most instances report business quiet
and in others less favorable. There is
a better demand for cotton machinery
to go south; eastern cotton dyers are
busier and there is a demand for hard-
ware, machinery and locomotives.

Increased volume of business is most
conspicuous west, at St. Louis, Chicago,
Kansas City, Omaha, Milwaukee and
Memphis. Less gain is shown on the
Pacific coast except in export lines, ship-
ments of lumber from Portland and San
Francisco being vigorous. Tacoma
continues to send flour, lumber and cot-
ton across the Pacific to South Africa.
Exports of wheat (flour included as
wheat) from both coasts of the United
States this week amount to 2,021,000
bushels, against 1,754,000 bushels last
week.

Total business failures in the United
States are 244 this week, against 231
last week.

Forsythe Racing.

FORSYTHE, Ind., April 18.—There
was another big crowd with good bet-
ting at the races yesterday. The speed
of the new course was shown when Jen-
nie June beat Hi Henry five furlongs in
1:02. Two favorites won. The Duce
spread eagled his field in 1:01 1/4. Magnet
dodged Jennie June and Hi Henry.

Weather.

Indiana and Illinois—Local rains;
slightly cooler.

Perhaps the

"New Woman" will
be a stronger
woman than the old
one. Certainly,
fresh air and the
right exercise will
do much for her.

Fresh air is a great
restorative, exercise
a great nerve tonic
if a woman be in
condition to take it.
A healthy woman can
avoid disease.
She can avoid the
seemingly almost
inevitable "weak-
ness" of her sex if
she pursues the
proper hygienic
methods. The
same methods will
not cure her if she
be already sick.

Contraction of the right medicine, in con-
nection with the right medicine, they
will help effect a cure. No woman who
suffers at all from so-called "female weak-
ness" should attempt athletics of any
sort. She should first put herself into
possession of strong and hearty health by
taking Dr. Pierce's Favorite Prescription.
After she is thoroughly well, exercise and
the diversion will help to keep her well.
Dr. Pierce's Favorite Prescription is designed and rec-
ommended for only the one thing. It
acts directly upon one set of organs. No
matter what is the matter with them, it
will cure it. It will not cure anything
else. It is a wholesome tonic, an invig-
orating nerve or nerve-food as well as
a healing medicine, and thousands of
perfectly well women have found that by
taking it regularly during the period of
pregnancy, the danger and pain of par-
tition were much lessened, and in
many cases, almost entirely obviated.

In every American household, there should be
a copy of Dr. Pierce's great work, "Common
Sense Medical Advice," not pages, illustrated.
One copy free to any reader on receipt of a one-
cent stamp to pay for mailing only. World's

MATTHEWS' BOOM.

His Presidential Chances Look More
Favorable Every Day.

INDIANAPOLIS, April 18.—The men
who are in charge of the Matthews
presidential boom grow more confident
as the days go by that the governor will
be a prominent figure before the Chi-
cago convention. The promoters of his
candidacy have been doing more work
than the public at large has known any-
thing about. There is not a state in
the Union in which they have not been

busy. Their efforts, they say, are bear-
ing fruit. They are counting on the
south and the west nominating the gov-
ernor, if he is nominated. Clark How-
ell, editor of the Atlanta Constitution,
is the special champion of the governor
in the south.

Democrats here believe Mr. Howell
will be able to control many of the
southern votes. Last week, when the
New York World asked the state com-
mittees of the country what they
thought of Cleveland as the logical
candidate in the event of the nomi-
nation of McKinley, the secretary of the
Georgia state committee telegraphed
that the impression prevailed in that
state that Matthews is the logical candi-
date.

The Matthews managers are counting
on votes from Ohio, West Virginia,
Kentucky, North Carolina, South Caro-
lina, Georgia, Alabama, Mississippi,
Tennessee, and all parts of the west.
Not a great deal of work is being done
in the east, and Illinois, which is un-
derstood to have a candidate, is not be-
ing worked.

THE BEST SPRING MEDICINE

Is SIMMONS' LIVER REGULATOR—don't forget to take it. The Liver gets sluggish during the Winter, just like all nature, and the system becomes choked up by the accumulated waste, which brings on Malaria, Fever and Ague and Rheumatism. You want to wake up your Liver now, but be sure you take SIMMONS' LIVER REGULATOR to do it. It also regulates the Liver—keeps it properly at work, when your system will be free from poison and the whole body invigorated. You get THE BEST BLOOD when your system is in Al condition, and that will only be when the Liver is kept active. Try a Liver Remedy once and note the difference. But take only SIMMONS' LIVER REGULATOR—it is SIMMONS' LIVER REGULATOR which makes the difference. Take it in powder or in liquid already prepared, or make a tea of the powder, but take SIMMONS' LIVER REGULATOR. You'll find the RED Z on every package. Look for it.

THE REPUBLICAN PLATFORM.

The following plank in the National Republican platform adopted at the convention held at Minneapolis, Minn., in 1892, on the silver question, is good enough for any true American to stand upon, it seems to us:

The American people, from tradition and interest, favor bimetalism, and the Republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, as be determined by legislation, as will secure a maintenance of the parity of values of the two metals, so that the purchasing and the debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country, its farmers and its workmen, demand that every dollar, paper or issued by the government shall be as good as any other. We commend the wise and patriotic step already taken by our government to secure an international conference to adopt no measures as will cause a parity of value between gold and silver for use as money throughout the world.

Let every voter be out next Tuesday and vote yes on the purchase of the toll roads.

Every citizen of Seymour is interested in the purchase of the toll roads. Don't fail to cast your vote next Tuesday.

REMEMBER that next Tuesday is the day for determining whether the toll roads of three townships shall be made free or not. One of these leads directly into Seymour and to make it free is to open the way for more trade for Seymour.

THERE is one set of people who have prospered since the enactment of the Wilson-Gorman tariff, and they are the Englishmen: In presenting the annual budget to the house of commons yesterday, the chancellor of the exchequer declared that England had just passed through a year of unexampled prosperity. He remarked that the working classes had shared in the prosperity of the country with the rich. That is a good thing for England, but rather hard on the American working-man.

THE ONE GREAT ISSUE.

"We are faithfully wedded to the great principle of protection by every tie of party fealty and affection, and it is dearer to us now than ever before. Not only is it dearer to us republicans, but it has more devoted supporters among the great masses of the American people, irrespective of party, than at any previous period in our National history. It is everywhere recognized and endorsed as the great, masterful, triumphant American principle—the key to our prosperity in business, the safest prop to the treasury of the United States, and the bulwark of our National independence and financial honor. The question of the continuance or abandonment of our protective system has been the one great, overshadowing, vital question in American politics ever since Mr. Cleveland opened the contest in December, 1887, to which the lamented James G. Blaine made swift reply from across the sea and it will continue the issue until a truly American policy, for the good of America, is firmly established and perpetuated. The fight will go on—and must go on—until the American system is everywhere recognized, until all nations come to understand and respect it as distinctly, and all Americans come to honor or love it as dear as they do the American flag. God grant the day may soon come when all partisan contention over it is forever at an end."—William McKinley, Lincoln [Barque], Marquette Club, Chicago, February 12, 1896.

The idea of reciprocity has never been fully developed, and when it is a revolution in favor of American interest can not but result. It is a principle that is not theoretical, but intensely practical, and the more it is studied and the more it is put into operation the more apparent will be its beneficial influences on American interests.—South Bend Tribune.

THE FOLLOWING sensible advice appears in the Mt. Carmel Register [Democratic], and will apply to other localities as well: "The Register is unqualifiedly opposed to the nomination of any candidate for office who is weaker than his party. The party owes no man anything. This year above all other, we should put out clean, honest men, men who have violated no pledges to the people. The nomination of one weak or corrupt candidate weakens the whole ticket. The men who are named must be at least as strong as the party."

THE BERING sea treaty with Great Britain, which has been ratified by the Senate, provides for the appointment of three commissioners to settle the claims of Canadian sealers for alleged losses by seizures made before the meeting of the Paris tribunal. The tribunal held that the United States was liable in damages but left the amount to be fixed subsequently. The Canadians originally demanded about \$100,000. Secretary Gresham offered to pay a lump sum of \$425,000, and the claimants agreed to accept it, but congress declined to ratify the arrangement. Now the Canadians are demanding nearly \$1,000,000, but they will be lucky if they get one quarter of that sum. Under the treaty the United States is to appoint one commissioner, Great Britain one, and the third is to be selected by the president of Switzerland.—Indianapolis Journal.

The Ideal Panacea.

James L. Francis, Alderman, Chicago, says: "I regard Dr. King's New Discovery as an Ideal Panacea for Coughs, Colds and Lung Complaints, having used it in my family for the last five years, to the exclusion of physician's prescriptions or other preparations." Rev. John Burgess, Keokuk, Iowa, writes: "I have been a Minister of the Methodist Episcopal Church for 50 years or more, and have never found anything so beneficial, or that gave me such speedy relief as Dr. King's New Discovery." MICHIGAN'S BENEFACTOR.

AN OFT REPEATED STORY OF TRUE PHILANTHROPY.

What Chas. H. Hackley has Done for Western Michigan.

(From Grand Rapids, Mich., Evening Post.)

The most beautiful spot in all this city is inseparably associated with the name of Hackley. Chas. H. Hackley has been in the lumber business here continuously since 1856 and in that time has amassed a fortune which gives him a rating among the wealthy of the nation. But with wealth there came that lightning of the purse strings which is generally a marked characteristic of wealthy men.

It is no wonder then that the name of Chas. H. Hackley is known at home and abroad. His munificence to Michigan alone represents an outlay of nearly half a million. For the past twenty years he has been a constant sufferer from neuralgia and rheumatism, also numbness of the lower limbs, so much so that it has seriously interfered with his pleasure in life. For some time past his friends have noticed that he has seemed to grow young again and to have recovered the health which he had in youth.

To a reporter for the Press Mr. Hackley explained the secret of this transformation. "I have suffered for over 20 years," he said, "with pains in my lower limbs so severely that the only relief I could get at night was by putting cold water compresses on my feet. I was bothered more at night than in the day time. The neuralgia and rheumatism pains in my limbs, which had been growing in intensity for years, finally became chronic. I made three trips to the Hot Springs with only partial relief and then fell back to my original state. I couldn't sit still and my sufferings began to make life look very blue. Two years ago last September I noticed an account of Dr. Williams' Pink Pills for Pale People and some cases so nearly resembling mine that I was interested, so I wrote to one who had given a testimonial, an eminent professor of music in Canada. The reply I received was even stronger than the printed testimonial and it gave me faith in the medicine.

"I began taking the pills and found them to be all that the professor had told me they would be. It was two or three months before I experienced any perceptible betterment of my condition. My disease was of such long standing that I did not expect speedy recovery and was thankful even to be relieved. I progressed rapidly, however, towards recovery and for the last six months I felt myself a perfectly well man. I have recommended the pills to many people and am only too glad to assist others in their health through the medium of this wonderful medicine. I cannot say too much for what it has done for me."

Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenectady, N. Y., for 50c. per box, or six boxes for \$2.50.

ARMENIAN RELIEF.

Miss Barton Says Not One-Fifth Subscribed Has Been Given.

NEW YORK, April 18.—Clara Barton of the Red Cross cables to the national Armenian relief committee as follows: "Hubbell, in charge of the Red Cross relief expedition at Marash, reports April 13 '3,000 sick of typhus, including the English consul.' On the 15th he reports 'sickness at Zaitoun increasing with 40 or 50 deaths daily. Great and immediate need of funds, general condition for relief work favorable.'"

The national Armenian relief committee in giving out this appeal from Miss Barton calls attention to the fact that not one-fifth of the \$500,000 needed by the lowest calculation to carry on the work of the Red Cross society in Asiatic Turkey has yet been given. Unless the destitute people are aided until the next crop is secured all the money thus far spent through the various agencies will be practically thrown away and thousands will perish by pestilence and starvation.

Baby Drowned in a Spring.

LOUISA, Ky., April 18.—The body of an infant was found in a spring near this place yesterday with a rock tied about its neck. The verdict of the coroner's jury was that it was killed and placed there by its mother, Orpha Stanley, a widow with nine other children, who came here three weeks ago from Johnson county. Mrs. Stanley is in jail.

Canadian Cattle Shut Out.

LONDON, April 18.—Walter Long, president of the board of agriculture, answering a question in the house of commons yesterday, again refused to postpone the diseases of animals bill or to allow the importation of Canadian cattle under any regulations which the board of agriculture may think proper.

Burned to the Water's Edge.

OTTAWA, Ont., April 18.—The marine department has been advised that the bark Elsie, stranded near Salt Lake, Anticosti, was burned to the water's edge. W. Carby, government telegraph line repairer, who was aboard, was burned to death.

CHICAGO, April 18.—It has been decided to change the place of burial of Secretary Gresham from Oak Woods in this city to Arlington, at the national capital, and the necessary application will be made at once to the secretary of war.

Prince Bismarck Buys a Dog.

BOSTON, April 18.—The King Charles spaniel Gillie, which was recently refused entry in the New York dog show by reason of its being under 6 months of age, has been sold by Dr. Schenck of New York to Prince Bismarck of Germany for \$1,000. The dog weighs only two pounds, and is considered by dog fanciers to be a remarkable animal.

NEW CITY ALREADY FIGHTING.

Saloon Question Causes Much Trouble In Rensselaer—Distressing Runaway Accident at Noblesville—Minister's Congregation Faithful to Him—Fight at a Dance—Notes.

CROWN POINT, Ind., April 18.—Artist Warren H. Hayward of this city received a 20-page letter from Harry K. Cavello, alias Harry C. King, alias Harry C. Kimball, who so successfully furnished "straw" bail to Postoffice Inspectors Stuart of Chicago and Solomon of Cincinnati two years ago and then left for Mexico. He is now in Paris. In his long letter he says the United States is too slow for him and that he is now settled down for good in a far better pasture than this country. Mrs. Cavello is now visiting her parents in Schererville, and will soon join him in Paris.

RENSSELAER, IND., APRIL 18.—By a vote of three to one this town became a city. The new city is two to one Republican, and has three wards. Before the town became a city it took a majority of all the inhabitants under the Nicholson law to defeat an application for liquor license. Now it only takes a majority in the ward where the saloon is located. The friends of the saloons distrusted the new city in such a manner that a majority in the ward would be friendly to them. After a lively fight another district scheme was adopted by a majority of one in the old town council. Each side has now a ticket for mayor and councilmen to present to the Republican convention.

Minister's Congregation Faithful.

DELPHI, Ind., April 18.—Ten days ago a council of Baptist ministers from different parts of the country met here to pass upon charges of falsehood, plagiarism and dishonesty brought against Rev. H. K. Boyer, pastor of the Baptist church. While the council did not vindicate the minister, it recommended that he be given another chance to live down the allegation. The congregation by a unanimous vote has decided to retain him, pledging their confidence in his Christian character.

Fight at a Dance.

BOURBON, Ind., April 18.—At the farm residence of George McFarland, southeast of here, several rough characters were refused permission to join a dance because they were under the influence of liquor. They then grew abusive, all attempts to pacify them failing. Edwin Randall, leader of the gang, fatally shot Willard Hall, precipitating a general fight. The invited guests began to use knives, and three of the gang were badly cut about the neck and arms, but made their escape.

Miners Meeting at Brazil.

BRAZIL, Ind., April 18.—The block coal miners of this district issued a call for a mass meeting to be held here today to select delegates to meet the operators. The delegates that were previously selected were discharged for some cause. The miners, it is claimed, will demand a 4-cent raise. Several operators, when questioned on today's meeting say they think a settlement will be secured on last year's prices, as they can positively make no advance in the present scale.

Will Cause Disaffection.

LAPORTE, Ind., April 18.—The will of W. C. Burlingame, a wealthy farmer, will be contested in the courts. He died suddenly, leaving, as is supposed, no will. A codicil has been found, and the peculiar fact is revealed that all the children are disinherited; this action being taken by Burlingame in retaliation for efforts made by them to have him declared insane.

Distressing Runaway Accident.

NOBLESVILLE, Ind., April 18.—Abraham Fornor, living near Jolietville, this county, was instantly killed in a runaway yesterday. The horse became frightened at a train, and while turning at a crossroad Fornor was thrown violently to the ground, alighting on his head. His skull was crushed, both eyes popping out.

Meningitis In Cattle.

WINCHESTER, Ind., April 18.—William Miller, one of the largest cattle breeders in eastern Indiana, has lost several head of cattle from cerebro spinal meningitis, and others are afflicted.

Indiana News Notes.

The residence of B. F. Moore, near Shirley, was totally destroyed by fire. There is a proposition afoot to consolidate the three Democratic newspapers of Crawfordsville. While rescuing his family from a burning residence at Tipton Cole McCarthy was seriously burned. Professor J. W. Jay has been unanimously rechosen as superintendent of the Fortville public schools. Owing to the rapid growth of the post-office business at Terre Haute a suburban office has been established. Joseph Fisher, arrested at South Bend, has been taken to St. Joseph, Mich., to answer a charge of forgery. Thirty-six thousand dozen of eggs were handled by one firm this week at Terre Haute. They are selling at 8 cents. Montgomery county has the country, the oldest active minister in the county. He is Rev. Jonathan Van Cleave and he is 91 years old. Sam Pearson, who has been wanted by the Veederburg authorities for many months for larceny, was captured at Crawfordsville. In the shooting affray at the McFarland hotel at Connersville between Jim Gouge, porter, and Richard Potts, cook, while the cooks were shot over the heart, the bullet was deflected by a rib and no dangerous wound resulted.

POLITICAL POINTS.
Representative Johnson is in very poor health and will go to Atlantic City for rest and recreation.
Hon. Chas. F. Remy, of Columbus, candidate for reporter of supreme court, was in town looking after his political interests.
The friends of Hon. Wm. S. Holman enter an indignant denial to the report that the great objector has withdrawn from public life or from the race for the democratic congressional nomination since the death of his wife. He will be at the North Vernon convention and will ask that he be nominated as the opponent of Mr. Salzer. It has been the one ambition of Mr. Holman's life for some years past to excel the record for long service in congress. At present he is just even with some other members who served for fifteen terms, and he is anxious to be the first to serve the sixteenth. He is in robust health, and if nominated and elected would easily stand the wear of another term. Hon. Anderson Piercefield's candidacy is looked on with favor by the free silver men, but they will hardly be strong enough to pull him through.
Voting Places.
The following are the voting places on the proposition to purchase the toll roads of Jackson, Hamilton and Redding townships on Tuesday, April 21, 1896:
1st precinct—Humes' office, Broadway street.
2d precinct—Philip Lange's office, No. 15 Second street.
3d precinct—James H. Green's office, No. 10 Third street.
4th precinct—H. P. Miller's office, No. 20 Walnut street.
5th precinct—Mrs. Telman's house, No. 218 Laurel st., near Woolen Mills.
6th precinct—Dennis Hanlon's Machine shop, High st.
7th precinct—John Mascher, No. 324 High st.
Morning Joy.
How Superb the young appears,
How is just entering the morning of life
With every charm made divinely beautiful
By the inestimable influence of innocence.
Nothing remains to complete the picture
With these soft waves of natural color,
Which is imparted to the complexion only
By the use of Morning Joy Coffee.

Chas. F. Remy.
Hon. Charles F. Remy, of Columbus, is a candidate for Reporter of the Supreme Court. He is well known here and has many friends who will give him the solid vote of the Fourth District. He was born in Bartholomew county, twelve miles west of this city, February 20th, 1860, was raised on a farm and entered Franklin college in 1879, graduating in 1884. During his senior year he represented his college in the State Oratorical Contest and won second honors. In 1887 he began the study of law with Harker & Strickland, of Columbus, and graduated from Ann Arbor law school in 1888. He soon after became a member of the law firm of Harker & Remy and is a brilliant young attorney. In 1894 he was elected to the Legislature from Bartholomew county, running 250 votes ahead of the ticket. He was one of the most active and useful members of the last session of our assembly. He is a prominent K. of P., a loyal republican and a good citizen.—Greensburg Standard.
Booth Heirs Properly Change Hands.
Since the first of July last year negotiations under a contract of sale for the five acres of land in this city lying south of the E. & R. railroad and fronting on Ewing, Seventh and Booth streets, known as the Booth block, have been under way, and yesterday the deal was closed and the title passed to Charles A. Saltmarsh, for the consideration of \$4,000. This block has been platted as Saltmarsh's addition to the city, and is now opened up for improvements, and the following have purchased property and building lots in this block:—Frank A. Lounsbury, the Booth homestead, including lots 24 and 25; Clinton F. Westhous, lots 2 and 3; Mrs. Alice K. Brown, widow of Colonel Kennedy Brown, deceased, lots 4 and 5; John Hamilton, the well known army flier, lot 6; and Thomas J. Stanfield, lot 7; the last six all front on Ewing street. A number of fine new dwellings will soon be erected on these lots. This five acres of land was sold to Rev. Levi R. Booth by Meedy W. Shields 40 years ago for a consideration of \$125.
Those who are troubled with rheumatism should try a few applications of Chamberlain's Pain Balm, rubbing the parts vigorously at each application. If that does not bring relief dampen a piece of flannel with Pain Balm and bind it on over the seat of pain and prompt relief will surely follow. For sale by C. W. Millhous, The Druggist.
How to Become Beautiful.
An exchange offers the following receipt for beauty:

Wash the face every night in warm water.
Sleep eight hours a night.
Food, undigested, is poison. Digested it is life and strength. Millions of us suffer from indigestion, but we often don't know it. We think it something else. Even doctors often mistake the symptoms.
Pale, thin people, who are overworked, who need strength, who seem to be in want of proper food, should take Shaker Digestive Cordial. It is astonishing what food will do, when properly digested.
It will make you strong, revive you, refresh you, sustain you, make you fat, restore your color, make muscle, brain fibre, courage, endurance, energy; increase your power to throw off disease and keep you healthy and happy.
Indigestion does just the opposite, but indigestion can be cured and prevented with Shaker Digestive Cordial.
Sold by druggists. Trial bottles 10 cents.

"DR. MILES,"

Through His Nerve is a Benefactor to Thousands."

A widely known Wisconsin publisher, who resides at Green Bay, writes March 6th, 1895, as follows:
"Five years ago I became so nervous that mental work was a burden. I could not rest at night on account of sleeplessness. My attention was called to Dr. Miles' Restorative Nerve, and I commenced to use it with the very best effect. Since then I have kept a bottle in my house and use it whenever my nerves become unstrung, with always the same good results. My son also takes it for nervousness with like never failing success. I have recommended it to many and it cures them. All who suffer from nerve troubles should try it. It is free from narcotics, perfectly harmless, and yet soothes and strengthens. Dr. Miles, through his Nerve is a benefactor to thousands."

Editor and proprietor of DER LANDSMAN.
Dr. Miles Nerve is sold on guarantee first bottle will benefit or money refunded.

Better Men on the Railroads.

In conversation, where a party of railroad men were gathered at Cincinnati on Tuesday, the great improvement in the character of the men employed on railroads at the present day, as compared with those of thirty, twenty and even ten years ago, was brought up. A few years ago drinking by engineers and conductors while on duty was almost the rule, but such action at present would mean dismissal. Competition has forced the roads to employ a better class of men, and brakemen, baggagemen, etc., must be neatly dressed and be polite; profanity is not countenanced. D. B. Martin, general passenger agent of the Big Four, said that, while competition and the temperance reform had done much toward bringing about such gratifying results, the railway branches of the Young Men's Christian Association had accomplished more in this direction than one would think without investigation. These branches on the Big Four, the Chesapeake & Ohio, and, in fact, on the entire Vanderbilt system and the Pennsylvania lines, had done a great work in that direction. The expression of every member of the party was to the effect that in no line of business had the character of men been more improved than in the railroad service, the reform being noticeable not only with the employees, but with the officials in every department.—Indianapolis Journal.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable.

For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Republican State Convention.
The Indiana Republican State Convention will be held in Tomlinson Hall, Indianapolis, on Thursday, May 7th, 1896. The convention will be composed of 1415 delegates, and on account of the large number of candidates seeking places on the ticket, the convention promises to be one of the most interesting events of the kind ever held in the State.
RAILROAD RATES.
Arrangements have been made with all railroads in Indiana for a special rate of one first class fare for the round trip. Tickets will be sold May 5th and 6th, good only on day of sale, and good returning until and including May 9th.
During the winter of 1893, F. M. Martin, of Long Beach, West Va., contracted a severe cold which left him with a cough. In speaking of how he cured it he says: "I used several kinds of cough syrup but found no relief until I bought a bottle of Chamberlain's Cough Remedy, which relieved me almost instantly, and in a short time brought about a complete cure." When troubled with a cough or cold use this remedy and you will not find it necessary to try several kinds before you get relief. It has been in the market for over twenty years and constantly grown in favor and popularity.
For sale at 25 and 50 cents per bottle.
